

2010 Summit Movie List

Films (Fictional):

- *Blood Diamond* – 2006, 143 minutes
An exploration of conflict in Sierra Leone involving “conflict diamonds.”
- *The International*
- *Wall Street*

Documentaries:

(Globalization films are *)

- *Enron: The Smartest Guys in the Room*
- *Food Inc.*
- **Wal-Mart: The High Cost of Low Price*
- *Capitalism: A Love Story*
- **The Corporation*
- **Life and Debt* – 2001, 80 minutes
This documentary explores how the policies of the World Bank and the International Monetary Fund have affected Jamaica.
- **Squeezed*
- *King Corn*
- **Commanding Heights: The Battle for the World's Economy*
- *I.O.U.S.A.*
- *Bombay Calling* – 2006, 72 minutes
Bombay Calling showcases the effects of globalization on Indian workers training in a call-center working to market mobile phones to British customers.
- *Manufactured Landscapes* – 2006, 90 minutes
A documentary film made up of photographs of areas “transformed by human activity.” From everything I have heard and read the film is amazing.
- *The Story of Stuff* – 2007, 20 minutes *available on Youtube
Activist Annie Leonard created this animated documentary about the life-cycle of material goods.
